

# Spring Newsletter No 72 - 2012

[www.mortonvillage.org.uk](http://www.mortonvillage.org.uk)

Exult; manifest joy and a time of rejoicing are some of the words used in the Oxford Dictionary to describe the word jubilee/jubilate. With the Diamond Jubilee of our Queen fast approaching, we are preparing to celebrate here in East Morton. The word celebrate seems a little tame compared to those I began with, but there will be nothing tame about the arrangements coming together to make a day to remember. I hope this newsletter will arrive prior to the event but if not, you are bound to have heard all about what is to happen in plenty of time and hopefully to have joined in if you were at home at the beginning of June. I am old enough to remember the coronation of Queen Elizabeth and the excitement it generated, particularly as the event was televised. The whole nation went into party mode, and sixty years on the throne is the best reason of all to party again. Much has happened over the ensuing sixty years - triumphs and disasters, and so many enormous changes to the lives of everyone. In 1952 there was great community spirit shown and I believe that in our village we are now enjoying such a spirit again. Let's make it a time of great rejoicing for us all.

## Wine Tasting

Ray and Jan from Booths supermarket in Ilkley gave us an entertaining evening on March 16th trying to guess which of them was accurately describing the wine we were drinking. There were four whites and four reds to try and identify but it became less important to get it right as the evening went on! Cheese and biscuits accompanied the wine and Ray had to use his initiative with a spoon and kettle to keep the chatter down. A great evening, and one supported by Barclays Bank, through Carolyn Foster, who doubled up on funds raised, which have to be used within the community.

## Noticeboards

Two new noticeboards are now in situ on Waterside Fold and are being maintained by Geoff Finnerty. These should keep those that live there fully up to date with what is happening.

## Water on the Village Green

During the past year, on occasions of particularly heavy rain, water has been emerging at the top of the path near to the bottom of the steps, running down and on to the footpath by the road. Some of the flags have become uneven, possibly because the water has washed silt from beneath them down the path making it muddy. The Council have been very helpful and John Crowther has taken several photographs, which we hope will help in identifying a possible source. Our concern is that the path could become a hazard particularly during

the winter months, and we would like to take some action before winter is upon us again.

## Dog Fouling

In the early days of the Society, this was the recurring moan from many residents. Lately dog fouling has become a problem again, and in the Recreation Ground in particular. You will appreciate that in an area used by so many children, this is very unpleasant. The Countryside Wardens have suggested that flagging the offending deposits can be effective in highlighting the problem. This has worked in other areas. However it was suggested at our last committee meeting that we have a Name and Shame column in the next newsletter – with photographs!! A bit extreme you might say but it could work.....Anyone out there got any other ideas? Waste bins have not been provided by the Council for some time.

# FEAST MORTON

## Orchard Update

A sunny Saturday in March saw lots of volunteers, young and old, turn out to help plant East Morton's Community Orchard. Thank you to everyone who came along to lend a hand and offer support – it was a magical experience to see a plain stretch of grass transformed into a new orchard during the course of one day.

For anyone who hasn't been to the Rec since planting day, the orchard is at the top of the hill, tucked in on the side nearest the church. There are apple, cherry, plum, quince and gage trees, all of which are doing well despite the recent spell of cold weather. Each tree is protected against rabbits and the occasional visiting deer by a tubular tree guard, with a wooden tree guard providing extra protection from bounding dogs, runaway mowers and other dangers!

Feast Morton was extremely fortunate in having Russell Jeanes, a film-maker who lives in the village, along to record the creation of the orchard. Russell has made a wonderful film which you can watch online (either via <https://vimeo.com/39436071> or search for "east morton community orchard" on YouTube). Thank you Russ for capturing everything about planning and planting the orchard so well.

In the autumn we will complete the planting with the addition of about a dozen more trees – more apples, some pears and a couple of cobnut trees. We also hope to have an information board in the future to show where the different varieties are and when they fruit, plus other information about how the orchard is managed.

Finally a huge thank you also to the many donations that we received from individuals and groups alike. It was through your generosity that all of the above was possible. As ever, if you would like more information or to get involved please contact us at [feastmorton@hotmail.co.uk](mailto:feastmorton@hotmail.co.uk)

### We hadn't a Clue!

Earlier this year Hilary and David Jefferson who live at the end of St. Luke's Terrace noticed a car pull up near the seat situated on the grass by Fardew Golf Course. The driver got out and moved over to the seat and in Hilary's words "seemed to be fiddling about under the seat". The car went off but Hilary took the number, which was a personalised one. As garden items have been in the habit of disappearing recently in the locality, she and David were worried that someone was eyeing up the (newish) seat for their garden. We checked that the Morton in Bloom team was not involved and she then informed the Police. They said that the number of the car and address were not ones that would have caused them concern. Surprisingly exactly the same thing happened a few days later, with a different car. The number was again noted and there was much speculation as to what was going on. Some weeks passed and then, again, a car stopped by the seat. This time a child got out and the same manoeuvre was carried out. Once the car had gone, David strolled along to the seat and found a clue in a Geo-Caching game! He replaced it. Our suspicions were unfounded thankfully but congratulations on their vigilance to Hilary and David.

### Best Kept Garden/Frontage

A new judge has come forward and we look forward to seeing whose garden and frontage are chosen this year.

## School Corner

Two major events in school in the Spring Term were Grandparents in school day and Year 3 and 4's production of Trouble at the Tudor Banquet. Once again the children's performance was of a very high standard and the donations collected will go towards additional sound equipment for the school hall. "Friends of Morton" have also been very busy with their fundraising efforts working with the school council to fund improvements to the playground. The much needed extension to the staffroom is well under way; not only will this provide much needed space for our ever expanding staff but also room for meetings and small group work with children. During the summer term we will be celebrating the Diamond Jubilee with a street party on the school playground and following an Olympic theme as we approach the summer holidays.

### Upcoming event

The Yorkshire in Bloom judges came to Morton on Wednesday 11th April for the first of their two visits this year. Apart from the heaven's opening and an occasional whiff of muck-spreading the day seemed to go well!

The judges were enchanted by our Village Green and also liked all the other parts of the route. We gained many favourable verbal comments as they went around. A huge thank you to the Busfield Arms and Fardew Golf Club for their hospitality. Also our thanks are extended to Margaret Irving for letting us look around her lovely garden. Many others played their valuable part too.

Our strategy of using themed colours has worked well and the Green has steadily improved over the past three years. The heather bed however, is starting to look a little tired and we will soon be turning our attention to this after the summer judging.

The judges return again in July for our second and final inspection, this will be on July 11th at 2pm. In summer we intend to base part of our route on visiting Morton school, the allotment site, as well as parts of the rec, the bottom part of Green End Road and of course the pub!

Just a reminder that there is a miniature vegetable garden competition run by MIB on Gala day this year. Schoolchildren from Morton or Crossflatts may enter. Please use nothing larger than a standard seed tray and the design can be based on anything you choose!

The MIB committee has decided to advertise that up to the end of September we are to hold a working party on the first Saturday of every month. We are therefore to meet at 10.30 on the Village Green on 2nd June, 7th July, 4th August and 1st September. Please do come along and give us a hand and say hello! No matter what your skills are, we can find a job for you!

We especially need volunteers to help water the summer bedding plants on an occasional basis on summer evenings.

Alternatively, contact John or myself, if you wish to contribute at other times. We will be only too pleased to find you something a small yet enjoyable and rewarding task, to help play your part in the upkeep of your village.

Lee can be contacted on 01274 567312 or email: Seniorlee2000@yahoo.co.uk or John can be contacted on 01274 562729.
